Strong Rubberized Waterproof Tape

Description:

Strong Rubberized Waterproof Tape is a super strong, rubberized, waterproof tape that can patch, bond, seal and repair virtually everything.

It is specially formulated with a thick, flexible, rubberized backing that conforms to any shape or object.

It can be applied hot or cold, wet or dry, even underwater.

It instantly seals out water, air and moisture to create a super strong, flexible, watertight barrier.

It is extra wide to quickly cover large cracks, gaps and holes.

It is UV resistant, environmentally friendly, VOC-free and has a wide temperature range so it can be used in extreme weather conditions.

Specification:

- 1.used for -6 degree to 48 degree, at most 100 degree;
- 2.withstand 6 bar;
- 3.Loop Strength: 80.5Lb;
- 4.Tension: 222.2N;
- 5.Adhesion: 93.6N;
- 6.Extension: 350%

When using, please notice bellows:

1. Please sufficient to cover around the hole by 50mm in all directions, and paste it in the middle position;
2. Please clean the surface first, keep it clean and smooth;
3. Once paste, please do not tear and re-position again;
4. This tape is a temporary, emergency repair, and it not meant to be a permanent repair;
5. Our tape's bond increase with time and pressure and in some cases, may need up to 24 hours to reach max hold;
